USPS/OPS invited to share ideas for the SDES Strategic Planning Session

Tuesday, 09/10/13

9:30 a.m. @ SU 316AB

General Information on the Strategic Planning Session

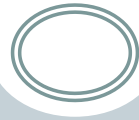

- Thank you to all who attended the SDES Fall Kick-Off last week. I enjoyed chatting with the 200+ team members that joined us. The We are SDES! Animoto video can be viewed here: <http://animoto.com/play/2ffEFGPOm6To3jcWmgLArg>
- As you heard, SDES is moving forward with a set of 2013-2014 Division Priorities that will focus on helping our students be successful and engaged in the university community. We are also at the end of our 2009-2014 strategic plan and soon, we will begin the process of engaging the division as well as other stakeholders in formulating a new 2014-2019 strategic plan. With that said, I would like to invite the division to a series of strategic planning sessions. The question we need to ask ourselves as SDES is ‘What should, we as a division, be looking at for the next five years?’ I encourage you all to attend a session and participate in this important discussion. Below is the schedule for the strategic planning sessions.

2013-2014 SDES Priorities

- **Safety and Security**
- **Student Success (Retention & Graduation)**
 - Target populations
 - ✦ Veterans
