

Are you a **student** from **Puerto Rico** or the **US Virgin Islands** who has been **impacted** by **HURRICANE MARIA?**

We are all concerned about the devastation in Puerto Rico and the US Virgin Islands from Hurricane Maria. Our thoughts are with the families and communities who have experienced loss.

To assist current and prospective students, we have established a website—www.sdes.ucf.edu/puerto-rico-educational-relief—that contains information about admissions, registration, transfer and transition services, and student support programs and services. We have also established a toll-free hotline: **1-855-903-8576**. Additionally, the City of Orlando provides resources and assistance for newcomers to Central Florida. For more information, please visit: www.cityoforlando.net/hola

Thank you for your ongoing patience as we continue to recover from Hurricane Maria. Please do not hesitate to contact us if you need additional assistance at **1-855-903-8576** or ucfsdesvp@ucf.edu.

Sincerely,

Maribeth Ehasz, Ph.D.

Vice President for Student Development and Enrollment Services

COMMON QUESTIONS

Is UCF giving students from PR and USVI Florida resident tuition?

UCF is offering a waiver of the out-of-state fees for spring 2018 for newly enrolled students from PR and the USVI.

I heard that I may be allowed to complete my fall semester at UCF. Is that true?

Unfortunately that is not true. Spring 2018 is the first term available to apply for admission at UCF. The deadline to apply for this term is November 1, 2017.

How long will it take for my residency to be updated?

Please allow the university two weeks to review and update records. You will be notified via email to your Knightsmail account.

Is Housing available for affected students?

Once a student is admitted to UCF, they may apply for on-campus housing, which may be limited for Spring 2018. Students interested in on-campus housing options should contact UCF Housing and Residence Life to inquire about availability and to obtain housing information upon their admission to the university.
